

CURRICULUM VITAE

KRYSTLE A. BARTLEY

PERSONAL HISTORY

Email: kbartley@hnl.bcm.tmc.edu
Phone: (713) 798-3079
Citizenship: United States of America

EDUCATION

B.S. Psychology: Xavier University of Louisiana, December 2003
M.A. Clinical Psychology: University of Houston – Clear Lake, (Graduation - Summer 2008)

EXPERIENCES

• Research

-*MEDIC-B Summer Program Intern*, Indiana University, Department of Psychology, Psychopathology & Neuropsychometry Lab, Bloomington, Indiana, Summer 2003. Duties: Develop a research project, “Relationship between EEG and EMG indices of Discrimination Eye-blink Conditioning”. Mentor: William Hetrick, Ph.D.

• Work

- *Research Assistant II*, Human Neuroimaging Laboratory, Baylor College of Medicine, June 2007 – Present. Duties: Schedule experiments for our Siemens 3T MRI scanners, screen potential participants, participate in fMRI research involving human reward processing, neural economics, social cognition, and pervasive developmental disorders. Supervisor: P. Read Montague, Ph.D.

- *Research Assistant*, Department of Behavioral Science, M. D. Anderson Cancer Center, May 2006 – June 2007. Duties: Screened potential participants for smoking cessation studies; submitted protocols to the IRB; assessed psychophysiological measurements, including EMG, EOG, EEG, and startle assessments. Provided study related clinical services such as vitals, CO monitoring, performing ECG's, phlebotomy services, and collection of biological specimens. Routine responsibilities included maintaining the regulatory binders, data entry software, and creating source documents. Supervisor: Victoria Brown, Ph.D.

- *Research Coordinator II*, Human Neuroimaging Laboratory, Baylor College of Medicine, October 2005 – May 2006. Duties: Coordination and scheduling of research subjects, data management, videotaped mother - infant interactions, heart rate monitoring, and collection of tissue samples. Supervisor: Lane Strathearn, M.D.

- *Research Assistant II*, C.I.R.C.L.E. (Center for Improving the Readiness of Children for Learning and Education) at the University of Texas Health Science Center ~ Division of Developmental Pediatrics, March 2004 – September 2005. Duties: Administered and scored child assessments using the Stanford-Binet, CELF, Vineland, Woodcock

Johnson, and other standardized assessments for the Developmental Clinic and Home Project. Coded exploratory play, visual attention shifting, motor contingencies behavior, and peer play.

- Supplementary
 - *Cased-Hole Completions Marketing Intern*, Baker Oil Tools, Houston, Texas, Summer 2000. Duties: Designed promotional cover for 2000 Sleeve Cover International Manual and assist engineers in compiling product manuals and workbooks. Supervisor: Liz Bethel.

SYMPOSIA/CONFERENCES

- Bartley, K. A., & Hetrick, W. P. Relationship between EEG and EMG indices of Discrimination Eye-blink Conditioning. (October 16, 2003) Annual Biomedical Research Conference for Minority Students, San Diego, CA.
- Bartley, K. A. & Kearney, J. The Influence of Music on Creativity. (April 23, 2003) Xavier University Psychology Research Symposium, New Orleans, LA.

ASSESSMENT SKILLS

- Bayley Screener 3rd edition
- CELF (III, IV, Pre School 2)
- Tower of London (extended)
- CTOPP
- EVT and PPVT
- McCarthy Scales of Achievement
- Preschool Curriculum Teacher Behavior Checklist
- Stanford Binet IV
- Woodcock-Johnson III
- Purdue Pegs and Grooved Pegs
- Beery/Visual Motor Integration
- Auditory Analysis
- KBIT

AFFILIATIONS

- American Psychological Association
- Association for Black Psychologists, Houston Chapter
- University of Houston – Clear Lake Clinical Psychology Organization
